DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1, 10, 14-17, 20, 21 and 23 are drawn to a method for promoting colon adenocarcinoma differentiation, classified in class 435, subclass 1.1, for example.
- II. Claims 18, 19 and 24 are drawn to a pharmaceutical composition comprising a bilin, classified in class 514, subclass 422, for example.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case, a bilin such as Bilirubin can be used as a therapeutic agent for the prevention and treatment of interstitial pneumonia and/or lung fibrosis.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

During a telephone conversation with Attorney Judy Stone-Hulslander on April 16, 2004 an election was made without traverse to prosecute the invention of I, claims 1, 10, 14-17, 20, 21 and 23. Claims 18, 19 and 24 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Judy Stone-Hulslander on April 16, 2004.
